

**The Expo will be promoted:**

- to WSO members worldwide
- to the OSHA Training Institute
- to members of local and national safety councils
- through the Denver Post, Rocky Mountain News and other media

**Benefits of exhibiting at the expo:**

- Over 2,500 qualified attendees expected, people who are interested in your products and services
- Potential customers can have hands-on experience with your product
- You meet people face-to-face, so you can answer questions and learn firsthand about your customers' needs
- Contacts that would take months to establish can be made in just a few days
- You are not interrupted by phone calls and secondary messages
- You meet hard-to-reach customers
- You find customers you might not have considered
- You can network with other industry professionals
- You stay informed, and ahead of the competition

★ **A FREE Institutional Membership to the WSO** for one year (\$185 value)

 Registration deadline: October 20, 2003

The WSO was founded in 1975 in Manila, Republic of the Philippines, as a result of a gathering of over 1,000 safety professionals from all continents at the First World Safety and Accident Prevention Congress.

The WSO World Management Center was established in the USA in 1987, to be responsible for all WSO activities, to be in consultive status with the United Nations, and to facilitate cooperation with professional safety, environmental and other allied organizations.

**17th International Environmental Health and Safety Conference and Exposition**

EXPO: November 3 - 5, 2003  
 Denver, Colorado USA

C O S P O N S O R E D B Y :

# The World Safety Organization's 17th International Environmental Safety and Health Conference

The Expo will take place November 3 - 5, 2003 at Denver.

The Holiday Inn-Denver International Airport Conference Center has been selected as the site for this event.

The WSO Conference and Exposition provides a unique opportunity for safety professionals to preview new and innovative products from selected vendors.

Co-sponsors of the event are Denver Federal Safety and Health Council, OSHA Training Institution at Red Rocks Community College, US Film & Video Productions, and Holiday Inn-Denver International Airport.

The 9th Global Safety Roundtable will be held, where participants can exchange expertise, experience and knowledge with their counterparts from other countries on new methods and programs being implemented in their respective areas of specialization.

WSO members from Europe, Asia, Australia, Africa, North, Central and South America will attend this well-timed event.

Ever-changing national and international laws and regulations necessitate the continuing education of safety professionals.

OSHA training courses will be presented in collaboration with the Rocky Mountain Education Center, OSHA Training Institute at Red Rocks Community College. (CEU credits available)

Many of these training courses will continue through Friday, November 7 – insuring a steady audience of interested safety professionals.

Testing for WSO Certifications will also be held.

## Book your exhibit booth now to secure a choice location at the Expo!

Call Travis or Rich at Face-To-Face Marketing, Inc: 800-794-3706 or online: [www.tradeshowswest.com](http://www.tradeshowswest.com).
